EMBEDDED C
## (VALUE ADDED COURSE)

DEPARTMENT OF ELCTRONICS
ST JOSEPH'S COLLEGE, TRICHY
EMBEDDED C
(VALUE ADDED COURSE)

Department of Electronics has organized EMBEDDED C Course for UG and PG Electronics and physics students. 75 Student registered for the course. 60 of them attended the course. Electronics Department professors are the resource persons.

Value added course was inaugurated on 31-10-2023 at AV Hall of Electronics Department. Dr B.Kanickairaj Head of the department delivered the inaugural address on the need for Embedded C in Electronics World. He highlighted the advancements in Electronics field with the help of Embedded C.His talk motivated the participants to actively participate in the course.

Embedded C course was organized in Hybrid Mode. Staff Members enlightened the students with practical exposures. The participants felt confident to face interviews with the help of the value-added course i.e Embedded C offered by the department.
