#### **Report of Hands on Training on Arduino: Basics, Development & Design**

A Hands on Training program was organized by Fabrication Lab Club of the Department of Physics. The program was planned and organized on 15<sup>th</sup> and 19<sup>th</sup> of December 2022. The Program was started with a silent prayer on 15-12-2022 at 09:30 am in the Smart Classroom, Department of Physics. Dr. S. Lourduraj, Assistant Coordinator, Fab-Lab Club, welcomed the gathering and introduced the Resource person of the program Dr. B. Kanickairaj, Associate Professor, Club Coordinator, Fab-Lab club, Department of Physics. The Head of the department Dr. N. Ravi, Associate Professor felicitate the gathering and motivate the students with his talk. And also he encouraged the club coordinators, members and participants for getting involved in this Fab-Lab club activities. Fab-Lab club coordinators explain about the club activities in this academic year. Both shift-1 and shift-2 students were getting involved.

As per the annual plan, this academic year 2022, of Fab-Lab club organized a hands on training on the Arduino: Basics, Development & Design to the M.Sc. students of both shift 1 & 2. This session mainly focus on the experimental knowledge and developing their experimental skills. The entire program was planned to give the complete picture about the arduino and it programming with demonstrations.

On 15<sup>th</sup> December 2022, the resource person Dr. B. Kanickairaj, Associate Professor explain about the introduction to the Arduino and its history. The basics of arduino and its applications were discussed with real time examples. He motivated the students with his experience on the arduino based projects. During the session he explained the significance of Arduino and its applications. His talk was extremely impressive and interactive. The complete session was more informative to the students and which will trigger the students interest towards the arduino experiments. The first day of the program was ended with a brief summary.

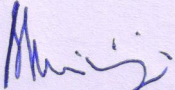

On 19<sup>th</sup> December 2022, the club coordinators were planned to give the demonstration with Arduino board. Hence the club planned to provide the facilities such as the arduino board and keypad to the students with their contribution and distribute it to them for their hands on training. Professor was explained about the Arduino functions and its Integrated Development Environment (IDE) with arduino. And he also demonstrated the skills pertaining to the experiments from basic to interfacing the accessories to the Arduino. The entire program was benefited by the students and they really enjoyed lot with real life examples with arduino.

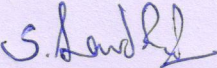

Finally, Dr. S. Lourduraj , Assistant Coordinator, The Fab-Lab Club expressed his gratefulness through vote of thanks to the resource person of the program, Head of the Department of Physics, Professors, Members of the Club and Participants.

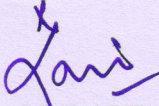

The 2 PG students were felt that they are very much equipped with the experimental skills with arduino. They felt that the following points were acquired from the hands on training sessions:

- i) The basic and technical knowledge of Arduino and its applications.
- ii) The experimental skills on the practicals was enhanced.
- iii) The usage of Arduino kit with its accessories and also interfacing idea with arduino.
- iv) Sessions was more informative, technical oriented and interested one.

The 2 PG class incharges Dr. A J Clement Lourduraj (shift-1) and Dr. S. Lourduraj (shift-2) were involved in the training session. The staff members those who handling the theory and practicals were participated in the training sessions on both days. The arrangements of the entire program was supported by Mr. Shankar Lal, Mr. Stalin Xavier, Mr. J. Prakash and Mr. Dhanavel. Finally the program was came to an end at 6:30 pm.

## Workshop on “Computational Experiments in Physics – SCILAB & Circuit Simulation”

DEPARTMENT OF PHYSICS organized a Workshop for I PG students on “Computational Experiments in Physics - SCILAB & Circuit Simulation” with Hands-on Training. The SCILAB workshop was conducted during forenoon and afternoon of 16<sup>th</sup> and 17<sup>th</sup> December 2022. The Workshop on Circuit Simulation - Proteus was conducted on 20<sup>th</sup> December 2022 from 2:30pm to 6:30pm.

About 50 I PG students of both shift I and II were participated. The workshop served as a platform to learn the aspects of SCILAB and Circuit Simulation. Dr.B.Kanickairaj Associate Professor of Physics demonstrated the software and trained the students with many physics based problems. Students were instructed to write program for 15 physics based problems. Simulation of simple circuits and operational amplifier circuits using Proteus were learnt by the students. Dr. Maggie Dayana and Dr. Lawrence, I PG Class in charges of shift I and II were coordinated the workshop.

### About the Workshop

This workshop aims to provide a forum for PG Physics Students to be enlightened on Computational Physics especially using PYTHON

### Workshop Focusses on

Computational physics is the study of scientific problems using computational methods.

The numerical techniques from mathematics like

- Interpolation & Model fitting
- Derivatives & Integrals
- Differential equations
- Eigenvalue problems
- Monte Carlo methods

are used to solve problems from all areas of physics.

Some examples are

- Calculating the magnetic field of a charged wire (integrals & derivatives)

- Chaos & the butterfly effect (differential equations)
- Heat propagation in a sample (differential equations)
- Simulating (and navigating) a spaceship interacting with sun, earth and moon (differential equations)
- The strange behavior of coupled oscillators (Eigenvalue problems, Fourier analysis & fitting procedure)
- Ferromagnets & Antiferromagnets (Monte Carlo methods)
- Special properties of graphene
- Electronic oscillators
- Mechanics
- Quantum mechanics

Python will be used in this workshop.

### Report on Workshop on Computational Physics Experiments for PG/Faculty

The Department of Physics, St. Joseph's College organized a Workshop on Computational Physics Experiments for PG physics students and Faculties on 06-3-2023, 9:00 am at Rev. Fr. K.P. J Hall. The workshop on Computational Physics Experiments using Python inaugurated by Rev.Dr. Arockiasamy Xavier, Principal, St. Joseph's College, Tiruchirappalli. Dr. S. Lourduraj, Assistant Professor & Coordinator of Physics Shift-II, welcomed the gathering, Dr. N. Ravi, Head Department of Physics, felicitate the gathering and Dr.B.Kanickairaj, Associate Professor & Head Department of Electronics briefed about the dynamics of workshop. The first session was briefed by the resource person Dr. Dr. B. Kanickairaj and he introduced the basics of Python programming and computation on physics experiment. The workshop focused on interpolation & model fitting, Derivatives & integrals, Differential equations, Eigen value problems.He explained from the basics and programming the python.

He also explained the introduction of Python and its applications, where it is applicable? and also he explained the Thonny python IDE: how to download and how to install in location. He also helped to solved all the quarries asked by the students regarding installing python in their laptop.

He highlighted the advantages of Python over than other programming languages. He explained the differences between compiler type and interpreter type and object oriented programming language, how to get variable window, shell structure. It was quite interested.He also explained the advantages of Thonny over the python 3.11.2 platform. From Thonny Python IDE , he explained many programmes based on physics problems. Students eagerly completed all the programmes and showed their outputs. He started the training with simple programs. he explained about How to write program for addition subtraction, multiplication, division.... How to type in editor window, how was the output, how to get it in shell window. Students tried very well. All the students showed their outputs immediately. They changed the values from the programs and interpret their result with the modified programs.

After the Tea break, the second session was dealt with the programs with # To make single line in a statement, ## How we can use numbers in python, meaning of the symbols used in programming in Python such as \,\\,\n,\r,\t,\b,\ooo,\nh.etc.

He also explained the topics List, Tuple, Set, and how they are important in the operators. He demonstrated the many programs in List, Tuple, and Set. Student'seagerly participated and shown their output. The Professors those who participated in the workshop also came with their laptop and refreshed

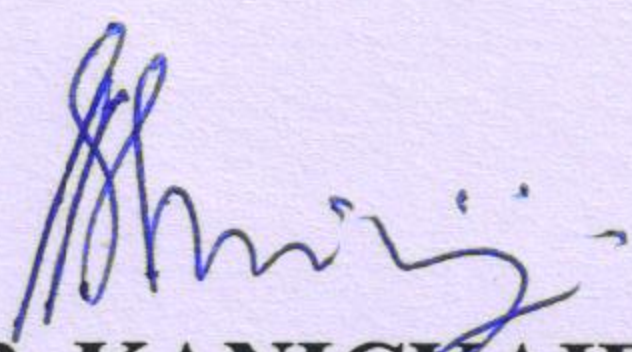

their knowledge in this field. The participants attend the workshop and got the hands-on experience with their own laptop.

After the Lunch break, the next session was started and the professor demonstrated the graphical representation and analysis. In related to this, the program related to the plotting the graphs in 2D and its types such as b-blue, g-green, r-red, c-cyan, m-magenta, y-yellow, k-black, and w-white. He explained how to assign the colours to the data points through the program. He also motivated the students about the job opportunities in this field and motivated the student's interest in their own research ideas with this python knowledge.

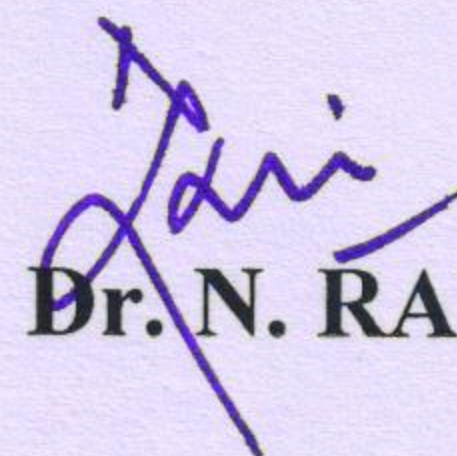

Around 119 participants ( students and faculties) attended the programme. Students were really benefitted from the knowledge and doubts applying the programs. It was a really informative and highly interactive session. He explained how this programming language is used in quantum mechanics; mathematical physics hoe to solve ODE, differential equations, integrals etc.

He also insisted the students about their experimental results from the lab with the software tools in the lab experiments ,Fermi energy of copper, LED, sensor study w.r.t load what will be the output voltage, convert the values into excel form, and get the file from csv program and how to get graph. He explained all the things very well. It was an interactive session. Students are highly motivated by the program.

The workshop came to end at 05:30 pm with the words of thanks by Prof. G. Novin Senetra roy. The entire program the faculty members were accompanied with the students

### **Proceedings**

The Department of Data Science for the academic year(2022-2023) conducted seminar on “ **INNOVATIONS IN DATA SCIENCE**” program on 21/10/2022 from 02:00 am to 3:30 pm in Sail Auditorium for all I and II PG students from Department of Data Science.

The session started with Almighty God's bountiful blessings experienced through the prayer and bible reading offered by Mr Edwin and Ms.Nandini from I M.Sc. Data Science respectively.

A warm note of welcome was given Ms Siva Priya from I M.Sc. Data Science .

Ms Annu Bharathi from I M.Sc. Data Science introduced the Chief Guest.

The chief guest and the resource person of the Seminar was:

Dr.Senthil Kumar, Assistant Professor, Head of department of Botany, St. Joseph's College (Autonomous)

The topics covered during the Seminar are :

- o The role of Data Science in Agriculture.
- o Types of Innovations.
- o Innovations in Healthcare.
- o Diamonds Innovation Model.

The main core of the Seminar was to give a detailed awareness about innovations so students can figure out that every person can create something based on the knowledge and skills he has.

A formal note of gratitude was proposed by Mr. Udaya from I M.Sc Data Science.

Ms. Sumaya Sultana of I M. Sc. Data Science hosted the event.

## **Business Talk Club Report**

The Department of Commerce Honours at St. Joseph's College recently inaugurated a Business Talk Club on February 8th, 2023. The event was organized by the Head of the Department, Dr. F. R. Alexander Pravin Durai, and Coordinator Mr. J. Camilton, as well as the Assistant Professors of the department, Mrs. A. Mary Magdalene and Mr. G. Prabhakaran. The objective of the club is to provide students with a platform to discuss and analyze current trends in the business world, share their knowledge and experiences, and enhance their communication and analytical skills. The club's inaugural was followed by its first event, a "Debate on the Union Budget 2023," and the club has since conducted two more activities.

The Business Talk Club was inaugurated by the Chief Guest, Mr. Annamalai Senthilkumar, CEO & Vice President of Beacon Green Tech Ltd, on February 8th, 2023, at 2pm in Jubilee Hall. The ceremony began with a prayer song, followed by a welcome message from the Master of Ceremony for the day. The Head of the Department, Dr. F. R. Alexander Pravin Durai, adorned the Chief Guest with a shawl and felicitated the gathering. He introduced the resource person of the day by highlighting his experience and achievements. After the felicitation, the Business Talk Club was inaugurated by the Chief Guest, and the club's first event, the "Debate on the Union Budget 2023," began. The Chief Guest moderated the event, and the students of the B.Com Honours department participated. They shared their thoughts on the budget's potential impact on the economy. The debate was followed by the Chief Guest's speech, where he shared his business experiences and views on the Union Budget 2023. The debate involved four students supporting the topic and another set of four students against the topic. The students presented their arguments on the potential effects of the Union Budget on the economy and made strong arguments on their contrasting views. The debate was interesting, with the exchange of students' perspectives equally stating the merits and demerits of Union Budget 2023. Finally, the Chief Guest gave his views on the Union Budget 2023, and he also appreciated the student participants. It was a fruitful and informative debate for students, and the event ended with a formal vote of thanks given by Ms. B. Abarna (Vice President of the Club, I B.Com Honours).

The first activity of the Business Talk Club was conducted on February 23rd, 2023, in the Department of B.Com Honours, with the participation of 40 members at 4 pm. For this activity, students were divided into six groups to present a start-up idea named "Paybour."

The idea was explained and presented with the PowerPoint by the club members Mr. Hari Ram D and Mr. Aathish G to the groups. The students' positive and negative reviews were gathered, and their queries were answered. After a discussion among the groups, it was commented that the idea was easy to access and may increase employment possibilities. However, the idea was also criticized by some groups, stating that it already exists and might not be beneficial for the uneducated population. Members also raised numerous questions regarding payment processing, responsibility for loss, reworking of incomplete work, and sudden accidents to labourers, etc. There were no questions left unanswered, and students understood the relevance of the idea. Thus, the members who came up with this start-up idea got clarity towards it. The activity was conducted for an hour.

The second activity of the Business Talk Club was held on March 6th, 2023, in the First-year class, Department of B.Com Honours, with the participation of around 40 members at 4 pm. The students were divided into six groups, and Ms. Muguntha Priya S, President of the club, presented a case study for analysis. The teams that gave similar judgments to the original judgement were awarded points, and the three qualified teams were moved to the final round. The objective of this activity is to familiarize the students with the business case studies and their judiciary judgements. Through this, students gain a better understanding of the business scenario and also help them to know the legal aspects of business. The activity was conducted for an hour.

At present, the Business Talk Club is actively engaging with 47 members and conducted three activities along with its inauguration for the year 2023. The events conducted help the students to get the insights from expert, analyze and discuss business issues, and also develop their critical thinking ability and analytical skills. The Business Talk Club in the Department of B.Com Honours is committed to organizing more such events to enhance the learning experience of the students.

### LOUNGE WRITERS

#### Introduction

The Lounge Writers is a paradise for thinkers, readers, writers and critics. It is the place where students are free to think, read and write on the topics of their interest and choice. The club is also a forum where students share their insights on politics, philosophy, spirituality, etc.

#### Vision

Inculcating a fondness for language among students and enhancing their critical thinking, reading, and writing skills.

#### Objective

Conducting various events such as debates, essay writing, just a minute, and similar competitions and events.

Organizing activities that provide opportunities to develop the communication skills.

Conducting activities including Skit, Slogan writing, Story writing / Play Writing,

Paraphrasing a poem, etc.

Facilitating members to address their fears while at the same time enabling them to learn and express.

### Origin and progress of Lounge Writers.

The club was inaugurated on 28.07.2022 by Prof. Loyola Innaci, the coordinator of dept of English. Students with literary interest are gathered and they were given an orientation about the aim and motive of the club. In the beginning, 52 students enrolled their names in club. The count got increased as days moved on. To make the connection between the students and the club easier, representatives were assigned. On 30.07.22 we had our first meeting with the representatives to discuss the future plans.

### Talk sessions

The club conducted various talk sessions with the topics related to literature. Students were gathered in the club house app and the entire talk session were recorded. On 14.08.22, the first talk session was conducted under the topic "Literature after Independence". Students had a good and effective discussion which was guided by Dr.D. Loyola Innaci.

The second talk session was conducted on 25.08.22 under the topic "Need for comparative Literature". We invited Neha Ayub from the university of Hyderabad as the source person. She is a freelance artist and writer. Students and scholars from other colleges were also invited for this talk session.

### **A REPORT ON PHOTO-WALK**

11<sup>th</sup> February 2023

Department of Visual Communication Technology in association with Canon India Pvt. Ltd. organized a photo-walk on 11<sup>th</sup> February 2023. Nearly 35 first year UG students from the Department of Visual Communication Technology participated in the photo-walk. Mr. Mohandass Mathew, Official Trainer from Canon India guided the students for the photo walk. The session was started with welcome address by Prof. S. Sudharsan, Department of Visual Communication Technology.

Before starting the photo-walk, various photography techniques were described to the students. The working of various camera controls such as shutter speed, aperture and ISO control, camera modes and filters were explained. Several students actively interacted with the trainer and clarified their doubts.

The photo walk was commenced at 10 a.m. The students were accompanied by the trainer and two faculties - Prof. K. S. Ragava and Prof. S. Sudharsan. The students were split into teams to cover various types of photography such as Monochrome, Macro and Street Photography. Few students had their own cameras while 8 cameras and different lenses such as Zoom Lens, Macro Lens and Wide Lens were offered by the Canon Team for practice.

The students moved to the streets around *Main Guard Gate, Trichy* followed by visit to the *Uchi Pillayar Temple*. They were provided adequate insights on the spot to capture photos on their allotted topics.

The photo-walk went on for about 3 hours. After the end of photography session, the students' photographs were reviewed by the trainer and several suggestions were offered for improvement. The photo-walk session was found to be very useful to provide basic insights on Photography and served as the first step to dwell into the vast field of Photography.

**A REPORT ON DOCUMENTARY FILM MAKING WORKSHOP**

Department of Visual Communication Technology, St. Joseph's College, Trichy, organized a two day workshop on Documentary Film making on 24<sup>th</sup> and 25<sup>th</sup> August 2022. Mr. R P Amudhan, a documentary film maker, teacher and a film activist based in Chennai, conducted the two-day workshop. Nearly 120 students from the department of Visual Communication Technology participated in the workshop.

The workshop was inaugurated by Rev. Dr. M. Arockiasamy Xavier, Principal, St. Joseph's College, presided by Dr. B. Kanickairaj, Nodal Officer, Vocational Programmes and Dr. S. Tamilarasi, Head, Department of Visual Communication. The workshop was started with welcome address by Prof. K.S. Ragava, Department of Visual Communication Technology.

The session was started with screening of several old documentary films like "Zoo", "Glass" for the students. The film making techniques used in those documentary films were critically analyzed and explained by the resource person. Students were then split into ten teams and started field work on creating a montage based documentary film in the college campus. Their films after processing were screened. Various suggestions were given to the students by the resource person in the final session of Day 1.

The second day of the workshop resumed screening of several famous documentary films from distinguished film makers. Students were involved in the field work of creating a interview based documentary film in the college campus. Gathering insights from the previous day's field work, the students actively participated and successfully completed their projects. Their films were later screened and reviewed by the resource person.

The importance of documentary films and various techniques to improve the art of creating of documentary films were explained by the resource person in his concluding remarks. The two-day workshop was concluded with vote of thanks by Mr. Sudharsan, Student Secretary – Shift I, Department of Visual Communication Technology.

**Date:** 31.03.2023

**No. of Beneficiaries:** 125 students

**Report:**

The Valedictory function of the Association of the Department of Economics was held on 31.03.2023, Friday at 11.30 am. The chief guest of the day was Mr. V. Arun Kumar, Visualiser, White & Black, Director, Box & Branding Pvt. Ltd., Tiruchirappalli.

The programme started with a prayer song and Mr. Akshay Nair, PG Secretary welcomed the gathering and Ms. Gayatri Kezhepat, II MA Economics introduced the speaker.

Followed by the welcome address, Dr. G. Iruthayaraj, Head, Department of Economics, honoured the speaker with the presentation of a memento.

The speaker addressed the gathering on the topic 'Creative Entrepreneur'. The speaker initiated his talk by defining the word 'entrepreneur'. He motivated the students by giving examples of entrepreneurs who had humble beginnings from Tiruchirappalli and Tamil Nadu. His talk focused on the various qualities needed to be an entrepreneur and also gave real life examples. The session came to an end with the speaker interacting with the students and shared one best advice to the students that he received from his mentor.

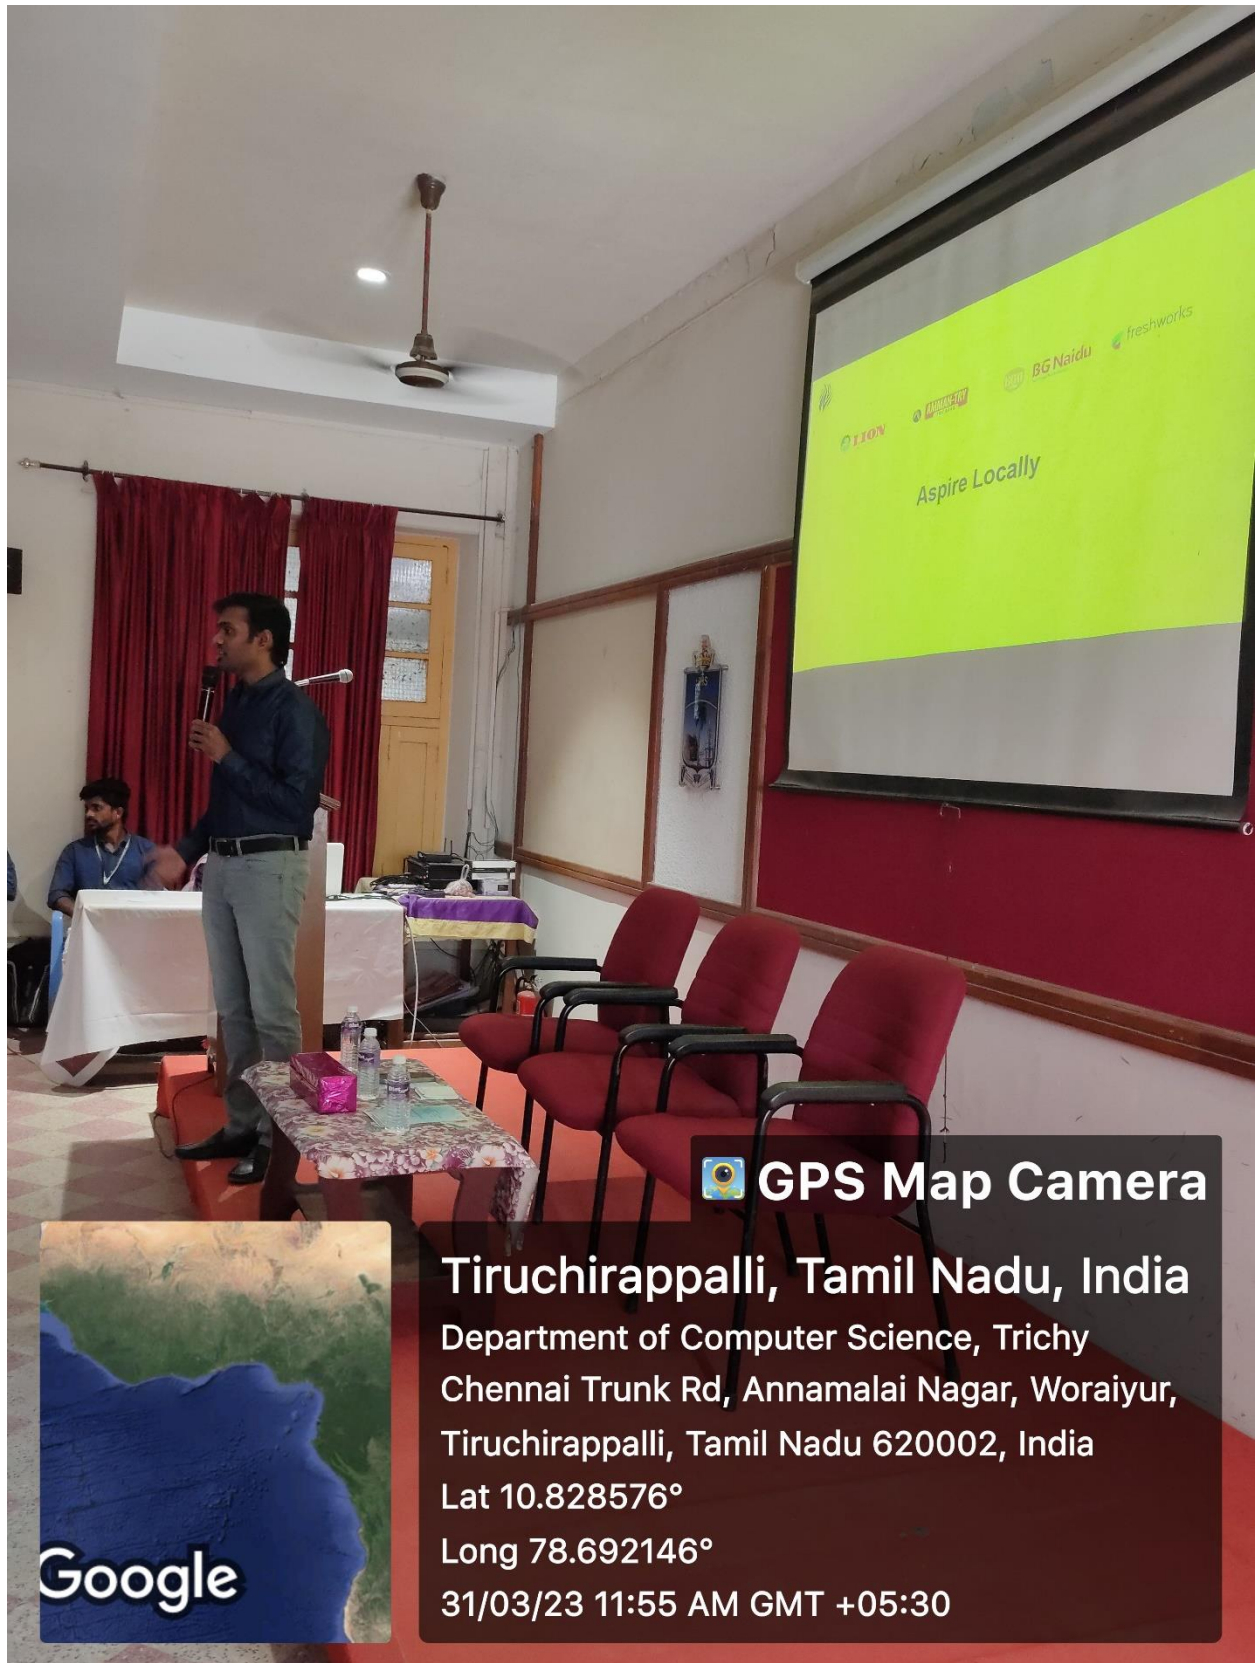

The words of gratitude were proposed by Ms. P. Prarthna, Association President, Department of Economics, St. Joseph's College and the programme wound up with concluding remarks by the Master of Ceremony Ms. Thanika, III BA Economics. The meeting came to an end by 1.00 pm.

## **Department of Economics – Association Inauguration**

**Programme:** Inauguration of Economics Association

**Date:** 12.08.2022

**No. of Beneficiaries:** 178 (staff & students)

### **Report:**

The Association of the Department of Economics was inaugurated on 12.08.2022, Friday at 11.30 am. The chief guest of the day was Dr. T. R. Jeyaraaj, AET President and Former Professor & Head, Department of Economics, Annamalai University.

The programme started with a prayer song and Dr. G. Iruthayaraj, Head, Department of Economics, St. Joseph's College, Trichy welcomed the gathering and also introduced the speaker.

The speaker addressed the gathering on the topic 'Economics: Today & Tomorrow'. The speaker initiated his talk by sharing his personal experiences as a scholar and teacher. His talk shed light on the varied scope of economics on day-to-day life and its significance in policy making. He enunciated the nuances of health economics and its relevance in policy making and also highlighted on different areas of research for the benefit of students. The session came to an end with the speaker interacting with the students and clarified their doubts and also encouraged the students to take up research in modern fields of economics.

The words of gratitude were proposed by Ms. P. Prarthna, Association President, Department of Economics, St. Joseph's College and the programme was wound up with concluding remarks by the Master of Ceremony Mr. Abhishek Toppo, III BA Economics. The meeting came to an end by 1.20 pm.

## DEPARTMENT OF BUSINESS ADMINISTRATION

St. Joseph's College (Autonomous), Trichy

### **Report on the Activities of Entrepreneurship Development Club**

1.The Department of Business Administration has organized the activities for the ED club on 13th August 2022. The Entrepreneurial Development Club is specifically designed for II UG students studying the subject 'Entrepreneurship Development' as a part of their curriculum. As part of the Entrepreneurial Development Club, students were asked to do '**Essay Writing and JAM speech on Inspiring Entrepreneurs**'. The students were asked either to write an essay on an entrepreneur who has inspired them or to talk about an entrepreneur for Just-a-minute. The objective of this assignment was to encourage students to research and reflect on the qualities that make a successful entrepreneur and to learn from real-life examples. The essays were evaluated based on the students' ability to analyse the entrepreneur's success, identify the key factors that contributed to it, and articulate how they can apply these learnings in their own lives. The students demonstrated a great level of interest and enthusiasm in researching and analysing their chosen entrepreneurs, and the essays submitted were of a high standard. The activity could be further improved by providing students with more real-life examples and case studies of successful entrepreneurs, which can help them develop a better understanding of the business world and the qualities that make a successful entrepreneur.

2.The members of the ED club were asked to do a '**Business Plan Presentation**' on 8<sup>th</sup> October 2022. Prof. J. Inigo PapuVinodhan has mentored this activity. The activity was aimed to encourage students to develop entrepreneurial skills and foster an interest in the world of business. The students were fostered to showcase their creativity, innovation, and business interest. The students were initiated to develop a business plan for a start-up or a new product/service idea. The Business Plan activity provided an excellent opportunity for students to learn and apply their knowledge of business concepts and practices.

**3. On** 7<sup>th</sup> January 2023 the Entrepreneurship development club has organized an event called ***'Enacting you favourite entrepreneur'*** for its members. The activity tried to encourage students to explore the lives and work of successful entrepreneurs, and develop an understanding of the entrepreneurial mindset and skills required for success. Students were required to choose their favourite entrepreneur and enact like them or to talk like them covering various aspects of their lives, including their early career, challenges faced, and their overall impact on the business world. The activity witnessed an overwhelming response from the students, with a total of 25 participants enacting their favorite entrepreneurs. The chosen entrepreneurs included Steve Jobs, Elon Musk, Mark Zuckerberg, Oprah Winfrey, Bill Gates, Jeff Bezos, and many others. The Students were able to effectively portray the personalities of their chosen entrepreneurs and highlight their key contributions to the business world. The activity was also an excellent opportunity for students to learn from each other and share their knowledge and ideas. Overall, the event was a great learning experience for everyone involved and showcased the talent and potential of the students in the ED club.

Day 3: Teach to empower, empower to lead, lead to inspire : Peer education

Day 4: Session 1 - Training session on Entrepreneurial mindset & Session 2 - Start Up Entrepreneurship

Day 5: Valediction

**Day 1:** The event started with the devotional invocation song followed by Tamilthai vazhthu. Mr. Joe Daniel of final year BBA welcomed the gathering. The chief guest of the program was Me. R. Manoharan, Founder, Banana leaf restuarants group, Trichy. The gathering was felicitated by our Deputy Principal Dr. P. Rajendran. The Chief guest of the program, Mr. R. Manoharan gave insights on “Business Mantras”, Shared his life experiences of how he has succeeded in his business, what qualities youngters should posses to become entrepreneurs and so on. He also answered the queries of the students eagerly which motivated them to be involved in the session. The program came to an end with the vote of thanks delivered by Mr. Ruban Gerald of final year BBA.

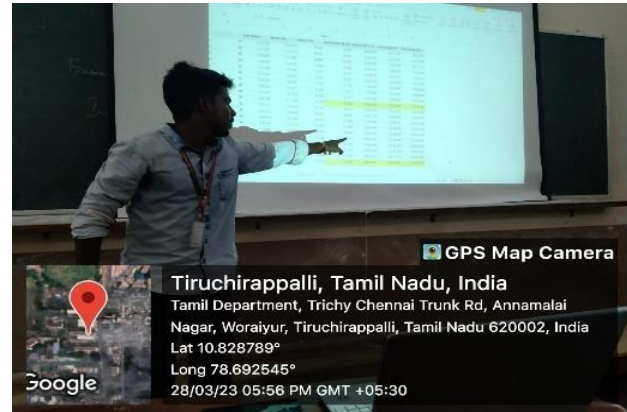

**Day 2 :** On the second day of the entrepreneurial summit, the department has sent the handful of students to industrial visits to the centres around Trichy which promotes small & medium scale

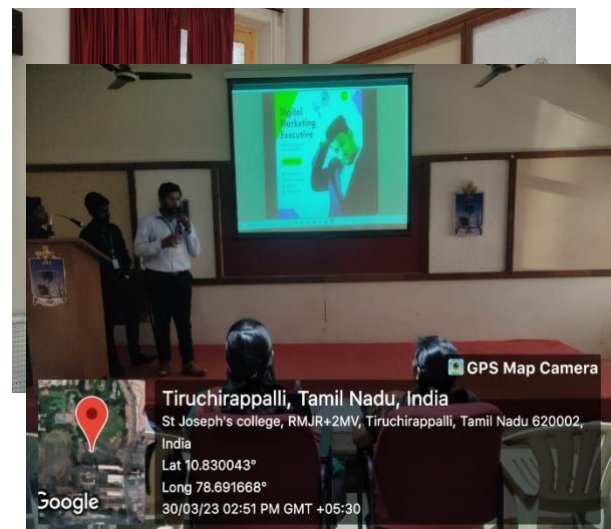

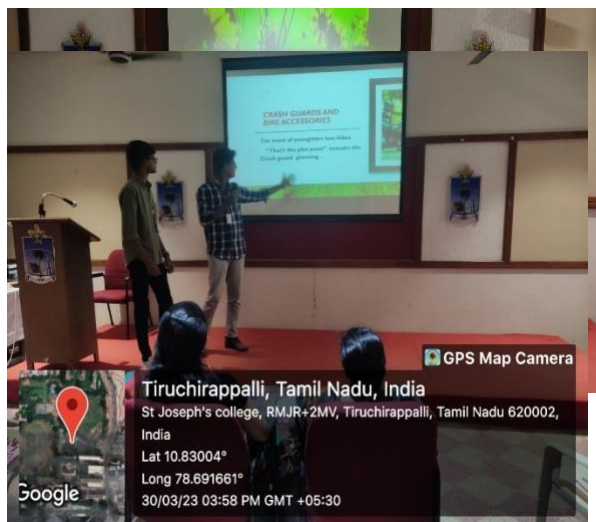

industries and the centres for entrepreneurship development. 4 teams went to the following places as a part of “ Innovative industries”, namely, DIC – Trichy, DIC – Ariyalur, TIDISSIA, Centre for entrepreneurship development – NIT, Trichy.

**Day 3:** Teach to empower, empower to lead, lead to inspire : Peer education. The session was organised with a motive “Let’s learn, lead and inspire”. Students who does business at an initial level were asked to educate their peers who have the same line of interest. Mr. Shameerudheen III BBA shared his ideas on Investment Avenues. The session was well appreciated by the students.

**Day 4:** A training session on Entrepreneurial mindset was conducted on the 4<sup>th</sup> day of e- summit 2023 presided by Dr. Anne Rosario, Positive psychology practitioner and life coach. The students were made to present business plans which was evaluated by the external expert.

**Day 5:** The Valediction program was organised so as to encourage the students who were actively engaged in the entrepreneurial summit. Dr. Saraswathy, academic head, Srimathi Indira Gandhi college, Trichy was the chief guest. She gave valuable inputs on how to cultivate the entrepreneurial spirit and motivated the students to become future entrepreneurs.

### **Report on the Activities of Business Awareness Club**

1. The Department of Business Administration has conducted the activities of Business Awareness Club on 13<sup>th</sup> August 2022 titled '***Logo and tagline – Identification & Designing***'. This activity was aimed to foster their awareness on brands, their logos, taglines and business acumen. A quiz was conducted among the students to test their understanding of the branding concepts & recognition. and their ability to identify different logos and taglines. The students were given a time limit of 30 minutes to complete the quiz, and the scores were recorded for each student. In addition to this, they were asked to design a logo and tagline for a fictional company of their own imagination. The students were divided into groups and asked to brainstorm ideas for logos and taglines. Each group presented their designs and ideas to the class, and the class gave constructive feedback to help refine the logos and taglines further. The students were encouraged to take feedback positively and use it to improve their work. The students showed great enthusiasm and creativity in designing logos and taglines for their assigned company. The class discussion and feedback session helped the students refine their ideas and come up with better designs.

2. As a part of Club activity, the Business Awareness Club has organized a "***Business Quiz***" for the participant students of the club. The objective of this activity was to test the knowledge of the students on various aspects of business, such as finance, marketing, management, and current affairs related to business. The quiz questions were carefully crafted to cover a wide range of topics related to business and were designed to challenge the students' understanding of real-life business scenarios. The students actively participated in the quiz, displaying their knowledge of business and competing against each other in a friendly and collaborative environment. The quiz was closely monitored by a panel of faculty members who ensured that the event was conducted smoothly and fairly.

3. The Business Awareness club has organized a '***Business Plan Presentation***' event on 7<sup>th</sup> January 2023 where students were given the opportunity to present their business plans. The event was aimed at giving students a platform to showcase their entrepreneurial skills and to encourage them to think outside the box. Almost 50 students presenting their business plans. The quality of the presentations was impressive. The event highlighted the importance of

innovation, research, communication, and an entrepreneurial mindset in the business world and to promote a culture of innovation and creativity.

4. On 2<sup>nd</sup> March 2023, The Business Awareness Club members were asked to do a small '**Display exhibition**' relating to the concept of BPL (Branding, Packaging and Labelling). The students participated with great zeal and the department senior students visited and appraised their fellow mates in a constructive manner.

#### Report on the Activities of Career Guidance Club

1. The Department of Business Administration has planned and conducted the following activities for the career guidance club which was exclusively designed for III UG students of the department of BBA. On 13th August 2022 a **Group discussion** was arranged. The aim of the GD was to provide students with an opportunity to develop their communication and critical thinking skills, as well as to help them understand the importance of teamwork and collaboration. The topics covered in the GD are: Russia-Ukraine war, Sri Lanka's Economic crisis, E-learning – Pros & Challenges, Post-Covid world and How social media is taking away our social skills. The discussions were monitored by a panel of three faculty members who evaluated the students on their communication skills, clarity of thought, ability to work in a team, and overall performance. The students actively participated in the discussions and presented their viewpoints on the topic. They raised valid arguments and counter-arguments, which led to a healthy and constructive debate. The panel of faculty members provided valuable feedback to the students, highlighting their strengths and areas for improvement. Overall, the GD was a success and helped the students to develop their communication and critical thinking skills. It also provided them with a platform to showcase their talents and work collaboratively with their peers.

2. On 7<sup>th</sup> February 2023 a **Panel discussion** on “UNION BUDGET 2023 - 2024”. The budget discussion was conducted in a seminar-style format. The students were divided into smaller groups, and each group was given a budget-related case study to discuss. The case studies were designed to simulate real-life budget scenarios, and the students were asked to analyze the situation and develop a budget plan. Dr. S. Clemence Jenifer has mentored this activity. The students demonstrated a good understanding and analysis of the current Budget proposed by the Indian Government and evaluated the pros and cons of it. The panel discussion provided an excellent opportunity for the students of business administration to learn about the current affairs of the country and its impact on public and personal life.

3. On 22<sup>nd</sup> February 2023 the career guidance club has arranged a **Case discussion** on the “Stock market Scams” with the purpose of enlightening the students on how Indian stock market was manipulated?, Investors awareness on possibilities and challenges present in the stock markets. Prof. V. Udhaya Geetha guided this activity. Mr. Logeshwaran, Mr.

Bharanidharan and Mr. Ruban Gerald actively participated and has contributed fruitful thoughts to the discussion.

## DEPARTMENT OF BUSINESS ADMINISTRATION

### SEMINAR ON HEALTH MANAGEMENT

On 28<sup>th</sup> March 2023 the Department of Business Administration organises a workshop on Health Management at the AV Hall. The workshop was attended by all the III-year Students of the Department of Business Administration.

The resource person of this workshop is **Rev. Fr. Emmanuvel Arockiam SJ**, Assistant Professor Department of Counselling Psychology, St. Joseph's College (Autonomous) Trichy.

The workshop began at 2 pm with a devotional song followed by the welcome address delivered by Prof. S. Arputharaj, who set the tone for the workshop. And then the introduction of the chief guest was given by Dr. J. Vincent Xavier.

The session started with a brief introduction about the importance of maintaining good health. The resource person discussed the various factors that affect mental and physical health such as stress, lack of sleep, unhealthy diet, and lack of exercise. The source person emphasized the importance of taking care of physical and mental and psychological health as they are interdependent and interrelated with each other.

The resource person then gave practical tips on how to maintain good health. These included:

**Regular exercise:** The resource person highlighted the importance of exercising regularly as it not only helps to keep the body fit but also releases endorphins, which can help improve mood and reduce stress levels.

**Healthy Diet:** The resource person advised the students to maintain a balanced and healthy diet. Eating a balanced diet that includes fruits, vegetables, whole grains, and lean protein can provide the necessary nutrients to keep the body healthy and functioning well.

**Adequate Sleep:** The resource person emphasized the importance of getting adequate sleep to help the body repair and rejuvenate. Lack of sleep can lead to poor concentration, fatigue, and can negatively impact mental health.

**Stress Management:** The source person gave practical tips on managing stress, including mindfulness exercises, deep breathing, and positive self-talk.

The resource person also emphasizes the importance of mental health and the various factors that can affect one's mental health. The source person then went on to discuss the common mental health issues that students may face, such as anxiety, depression, and stress, and how they can affect academic performance and personal well-being.

The resource person emphasized the importance of seeking help and support from mental health professionals when experiencing mental health issues. The resource person also provided information about the resources available on campus for students seeking mental health support, such as the counselling centres and student health services.

The workshop was informative and engaging, and the students actively involved in the discussion. The students learned about the importance of maintaining good health and how it can positively impact their academic performance and overall well-being. The resource person encouraged the students to make small changes in their daily routine to help maintain good health. The workshop was a success, and the students left with practical tips and knowledge on how to maintain good health.

The session was interactive, and students were encouraged to share their experiences and concerns related to mental health. The counsellor also added his advices and guidance on how to manage stress, anxiety, and depression effectively. The counsellor also emphasized the importance of self-care, including getting enough sleep, exercise, and maintaining a healthy diet. At last the vote of thanks was proposed by Prof. D. Rinaldo De David.

## Report of Seminar on Yoga 13-3-2023

Yoga is an ancient practice that involves physical poses, concentration, and deep breathing. In more recent centuries, especially in modern times more prone to mental stress and physical strife, people worldwide have adopted Yoga for its scientific values and methodological virtues.

Due to this reason, the seminar on Yoga was organised by the Department of Information Technology, on March 13, 2023, from 3.45 pm to 4.45 pm in the Fr C.K. Swamy Hall Room No: 5 for the I BCA Students.

Students from I BCA attended the session. Dr. C. Venish Raja Assistant Professor of the Department of Information Technology acted as a resource person. Dr. C. Venish Raja delivered a very enlightening lecture on the impact of different Yogic practices on the physiology of the human body. He quoted several scientific studies to establish that yoga practices help reduce high blood pressure, relieve back pain and neck pain, reduce stress, and increase the concentration of the mind and the coordination of body and mind. ## Yoga Report

Department of Physics hosted Yoga Training Program as a part of Life Skill Development Programme, for physical and psychological well-being of students. It aims to create general awareness among the students to attain peace, harmony and well-being through Yoga practices. It is held on 29<sup>th</sup> August 2022 at Jubilee Building.

**Dr. N. Ravi** welcomed the students and the trainer. He illustrates the benefits of Yoga in maintaining both physical and mental well-being. Each Yogic activity is a key to improving flexibility, strength, balance and attaining harmony.

Yoga trainer **Mr. Kannan** trained the students. Mr. Kannan demonstrate the basic pranayama and some asanas and explained the art, science and mechanism of Yoga.

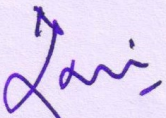

**Pranayama** is control of Breath". "Prana" is Breath or vital energy in the body. On subtle levels prana represents the pranic energy responsible for life or life force, and "ayama" means control. So Pranayama is "Control of Breath". It is best described as the vital force which regulates and maintains the body and the mind in running condition.

**Padmasana** or Lotus position is a cross-legged yoga posture which helps deepen meditation by calming the mind and alleviating various physical ailments. A regular practice of this posture aids in overall blossoming of the practitioner, just like a lotus; and hence the name Padmasana.

**Vajrasana** pose is a simple sitting yoga pose. Its name comes from the Sanskrit word vajra, which means thunderbolt or diamond. This starts with the kneeling down position. Then sitting on legs and taking the weight off the knees, placing hands on knees, keeping back straight and looking straight with gaze forward, head straight and chin parallel to the ground and then Concentrating on breathing.

**Virabhadrasana** as Warrior Pose requires to push past perceived physical, mental, and emotional limitations to move into a deeper expression of the asana.

Fifty students participated in this training and are benefitted. **Dr. S. Anbarasu** thanked the trainer and participants.

#### **Session I & II (Interpersonal skills/strategies):**

The resource person for the Interpersonal skills training program was **Rev. Dr. Joseph Xavier SJ, Former director of JIM**. The session began with the Almighty's blessing through prayer by Ms. Jasmine and Ms. Jenifer of The welcome address I M.Sc Data science. was given by Ms. Charulatha, I M.Sc Data science. The master of ceremony was done by Sumaiya Sultan.

The topics covered in the program are:

- how to relate with people
- relationship strategies
- the importance of relationship
- how to have a successful relationship

The main aspect of this program is to educate students why it was essential to have a worthy relationship and how to be worthy in a relationship. Fr. Joseph showed us the value of relationships in concrete terms. The students shared that Father's session was truly therapeutic. Interesting videos were also played that helped us understand the importance of relationship for all living being. Father also recounted the real-life experiences of many individuals who attempted to repair their relationship. The session was really engaging, and the students felt comfortable communicating with father. Father answered all the queries raised by the students and gave them a clear perspective about the significance of life.

#### **Session – III (Talent Tools to Compete and become an Achiever - Born to Win)**

The resource person for the session III was **Mr. Jeganathan**.

The activities conducted during this session were

- memory game
- team work enhancement game
- fitness game

This session was conducted to improve the skills of the students related to team work, communication and fitness. This session was really engaging and made the student to feel more energetic as it was organized in the open air. Team activities aided students in becoming strong team players. The memory games evaluated the participants' memory capacity. Push ups were performed as a warm-up for the session in order to teach healthy living habits.

#### **Session – I (Interpersonal skills/strategies)**

The resource person for the Interpersonal skills training program was **Rev. Dr. Joseph Xavier SJ, Former director of JIM**

The topics covered in the program are:

- Importance of self awareness
- how to inculcate meditation
- activities to increase self awareness

As the continuation of the first session about relationship, Fr. Joseph Xavier started the day two session about self awareness. Father shared the importance of being conscious and the benefits of meditation. He also shared about the healing power that the breathing exercises withhold. He also shared that self awareness helps us to be the best version of ourselves. Students participated in a variety of activities that encouraged them to acknowledge their own value.

#### **Session – II , III, IV, V (Power BI)**

The technical session on Power BI commenced with the Almighty's grace through prayer by Mr. Nixon and Ms. Jasmine of I M.Sc Data science. A warm note of welcome was shared by Mr. Madhavan. Ms. Kanimozhi served as the master of ceremony.

The resource person for the session on Power BI was **Dr. N. Arul Kumar, Assistant Professor, Christ University, Bangalore.**

The topics covered during this session are

- Power BI Application Tour
- Basic Operations
- Dashboard creation
- Analyzing a Dataset

The main aspect of this session was to give the students insights about business intelligence. The students got an understanding about the basic queries in Power BI. The insights about the relationship between different tables were also inculcated. The loading of dataset from various data sources like MySQL, Access were also taught. A brief introduction about Google Sites were also shared. High paying jobs related to Business Intelligence were cited.

### Site Seeing

Places visited during the Outbound training:

- SHC museum
- silent valley
- Kodaikanal lake
- Berijam lake
- green valley view

Students were amazed to travel around the lakes and valley of Kodaikanal. Many students opted for horse riding and cycling in the kodaikanal lake. Students visited the museum in SHC where specimens of 300 years old were found. The walk through the pine forest in the Berijam lake was really refreshing. The excursion through the mountains and eucalyptus forests was rejuvenating. The buses also traveled through the pine forest and other tribal communities in Kodaikanal. Camp fire were also arranged by the management of SHC.

### Departure from Kodaikanal

After the completion of lunch at Sacred heart college , we started from Kodaikanal at 4 P.M. The keys of the dormitories were submitted to the authorities in SHC.

### Reached St. Joseph's College

We reached St. Joseph's College at 11 PM. Students were picked up their parents from the college campus. Due to the inability of transportation, students from a distant location were encouraged to stay at the college hostel.

#### **Two-day workshop on soft skill that drive success**

A complete report on two-day workshop on soft skills that drive success organized by the department of Business Administration for the III-year students in order to get the practical knowledge about how to develop your skills and how to apply the skills in the competitive world.

Our Resource Persons of the two-day workshop are Dr. J. Michael Sammanasu and Dr. A. PappuRajan.

The workshop has started sharply on 20.10.2022 at 3.00 PM. Hari Vignesh and their team has welcomed the resource persons and our department professors.

Our department senior professor Dr. J. Vincent Xavier honored our resource persons with a shawl.

Our Head Of the department Prof. C.F. Octovia Antony Sessammal honored our resource persons with a memento.

Dr. A. PappuRajan has started his speech about the importance of soft skills in the competitive world. He told that we have to groom ourselves by developing our personality, communication, interpersonal skills and intrapersonal skills.

Goal setting plays a vital role in each and every one life. Every person must have a goal and he must work hard to achieve his goals.

And he gave a brief explanation about the managerial skills, how to behave in an organization, how to manage the time and stress and how to control your emotions in different situations.

Followed by Dr. J. Michael Sammanasu he gave a brief talk about how to attend the interview, how to clear the competitive exams. And some more informative information about the GD and JAM. He also taught us the importance of some more skills like attending and listening skills, respect, knowledge of the subject, communication skills, presentation skills, leadership skills, group behavior. Etc.....

Personal Effectiveness plays an important role in our life. Personality arises from within the individual and remains fairly consistent throughout the life.

And he also gave some tips about how to attend the aptitude questions.

**Report on LIFE ABOVE '0' - Workshop**

**Date:** 04<sup>th</sup> March 2023

**Audience:** Lecturers below 50 years

**Introduction**

PG Department of Counselling Psychology & Counselling Center collaboratively conducted a workshop on the theme "**LIFE ABOVE '0'.**"

**About the theme:** There is more to life than just surviving. There is thriving, flourishing and soaring. There is a life above zero and everyone deserves to live it. Positive psychology emphasizes Life above Zero and it acknowledges elements of living that enrich, and meaningfully sustain, what is commonly referred to as, 'the good life'.

**Ms. Shylin** and **Ms. Christeela** were the members in the organizing committee.

The program started at 9:15 A.M. at SAIL HALL. The session started with a prayer song. **Ms. Shylin**, Counsellor, was the session's Master of Ceremony. Welcome address was given by **Ms. Christeela**, Counsellor. The Chief Guest was **Rev. Dr. M. Arockiasamy Xavier, SJ**, Principal of St. Joseph's College (Autonomous), Trichy. **Fr. Principal** felicitated the resource person, Rev. Dr. Emmanuel Arockiam, SJ. 42 lecturers of St. Joseph's College, attended the whole-day workshop.

## SESSION I

**Ms. Shylin** introduced the resource person, **Rev. Dr. Sobhana, SJC**, assistant professor of the Department of Counselling Psychology. Sr. Sobhana spoke on the topic “Positive Emotions for a Happy Life.”

Highlights of the session:

- Enhance positive emotions by savoring positive experiences in life
- 70% of a person's inner thoughts are negative
- “Follow your heart but take your brain with you”
- Develop gratitude
- Learn to identify emotions of others by developing emotional intelligence
- Provide positive feedback to family and students if required.

## SESSION II

Second session started at 11.15 a.m after the coffee break for 20 minutes. **Ms. Macrina**, student, dept. of counselling psychology, introduced the resource person, **Rev. Dr. Emmanuel Arockiam, S.J.**, Head of the Department of Counselling Psychology and Director of Arrupe Library.

**Dr. Emmanuel** talked about “Living Fully.” He highlighted the importance of positive self-talk, psychological mechanisms, Freud's three states of mind, brain's function in response to an event and so on. He helped the lecturers to think rationally by provoking their minds and illustrating hypothetical situations. He narrated two stories and asked some thought provoking and critical questions. And also he posed an arithmetic problem to lecturers. All those activities helped the professors to strengthen their healthy perception about self, others and the world.

## SESSION III

After the lunch break, third session started at 2.00 p.m. **Fr. Emmanuel** talked about “Joyful Family.”

Highlights of the session:

- Dr. Emmanuel enlightened the lecturers about various styles of communication from Transactional Analysis. He also talked about ego states which students, lecturers and family members often take.
- He emphasized the importance of giving and receiving positive strokes
- Impact of low self-esteem on others and institution.
- Stances in communication i.e., "I'm okay, others are okay; I'm not ok, others are not ok."
- Stress in family and work place
- Develop a healthy communication style.

There were five students from I PG dept. counselling psychology, who enacted various ego states and communication styles employed by members of a family. That act/role-play helped the lecturers to relate with their family life.

### Conclusion

The seminar came to an end at 4:00 P.M. **Ms. Shylin** thanked the speakers and attendees for their contributions. **Ms. Christeela** showed her support by offering assistance with the technology. All those who attended the sessions profited and were provided certificate and tea and snacks.

This workshop, 'Life above Zero', helped the participants to employ an optimistic attitude, see the bright side and find meaning in their daily life. And also aid in savoring the activities of their life, thereby enjoying the meaningfulness of their experiences.

### **SJC Innovation Fest (SJCIF-23) (24-02-2023)**

SJC Innovation Fest'23 (SJCIF-23) (interdepartmental Innovation Contest) is an initiative of St. Joseph's College to provide a platform for students to transform their innovative ideas into reality. It is an event in which teams of students showcase their innovative ideas in the form of prototypes. The best prototype fetches awards and motivates the students to become entrepreneurs.

#### **Objectives:**

- ❖ To ignite young minds by nurturing their innovative ideas
- ❖ To solve real-world societal problems by design thinking
- ❖ To create opportunities for students to showcase their innovative ideas

#### **Guidelines for Participation**

- ❖ Each Department can send 2 to 4 teams
- ❖ Number of members in a team: minimum 2 and maximum 4
- ❖ Teams can be a mixture of UG and PG students
- ❖ Teams can be mentored by Staff members and the HoD of respective Departments
- ❖ HoD's can register the teams and the approved teams can only register.
- ❖ Teams should register on or before **09 - 01-2023**

Each team will submit their proposal, reviewed and forwarded by respective HoDs and Staff-in-Charge on 20.01.2023

The submitted proposals will go through blind-review by external experts.

During the SJC Innovation Fest'23 on 24.02.2023, teams will showcase prototypes of their innovative ideas. Their prototypes and ideas will be evaluated by judges and one best prototype from each department will be honored with a prize on 24.02.2023.

### **Important Dates:**

- ✓ Selection of Teams at Department Level - 05. 01.2023
- ✓ Registration of Teams - 09. 01.2023
- ✓ Orientation for the participating Teams - 12-01-2023
- ✓ Submission of the Proposal Draft - 20.01.2023
- ✓ Final Presentation with Prototype - 24.02.2023
- ✓ Prize Distribution - 24.02.2023

### **SCORING CRITERIA**

#### **PART I (50 POINTS)**

1. RELEVANCE OF PROBLEM & PROPOSED SOLUTION
2. FEASIBILITY OF SOLUTION (SMART- Specific, Measurable, Achievable, Realistic, Time bound)
3. APPLICABILITY OF SOLUTION
- 4.

#### **PART II (50 POINTS)**

EXHIBITING THE PROTO TYPE - 50 POINTS

Dear Staff and Students,
