### **Corporate Readiness Program - CRP**

The CRP program is focused on making young Trainees comfortable in a corporate environment. This program starts with a corporate induction.

“EMERGE” a behavioral skills building training program ensures that the fresh Trainee start feeling at ease in the “corporate world”. This activity based behavioral intervention informs the new entrants about the corporate work culture and business etiquette.

### **Technology Readiness Program - TRP**

The technology training provides critical technical skills required to work on projects allocated to Trainees and prepare to face the demands of the project world. We begin doing this by familiarizing with Wipro’s businesses and work environment.

The methodology of training is “Project Based Learning” (PBL) approach, the entire learning is designed around a series of projects that the recruits are expected to complete individually by learning and applying various topics required to complete the project. Starting with individual projects, the PBL approach ends with recruits working on a team project.
