**Management Aptitude Test and Test Scores**

1. The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
2. MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
3. All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
4. The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
5. The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
6. The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
7. The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
8. All scores and percentile below figures are reported after rounding off to the nearest whole number.
9. Personal data is as reported by the candidate.
10. The AIMA has taken due care while uploading the Score Card. However, in case of any inadvertent error, the AIMA reserves the right to rectify the same at a later stage.
11. Normalised scores across multi session papers are based on the relative performance of all those who appeared for the examination. The raw marks obtained are transformed into Normalised Score. For detailed procedure on Normalised Score, please visit website <https://resources.aima.in/event-uploaded-file/mat-score-and-its-interpretation.pdf>

- 1 The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
- 2 MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
- 3 All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
- 4 The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
- 5 The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
- 6 The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
- 7 The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
- 8 All scores and percentile below figures are reported after rounding off to the nearest whole number.
- 9 Personal data is as reported by the candidate.

#### Instructions:

- Only those candidates who have taken the Common Admission Test (CAT 2022) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2022. You will not receive the score card by email or by post.
- The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
- Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
- IIMs and Non-IIM member institutions independently decide how to use CAT 2022 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate/Doctoral (Fellow) Programme(s) in Management.
- Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
- All queries regarding post-CAT 2022 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
- CAT 2022 score is valid only until 31<sup>st</sup> December 2023 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on [www.iimcat.ac.in](http://www.iimcat.ac.in) till 31<sup>st</sup> December 2023 to download.
- Webmail support [cat2022@iimb.ac.in](mailto:cat2022@iimb.ac.in) & [cathelpdesk@iimcat.co.in](mailto:cathelpdesk@iimcat.co.in) will be available till 31<sup>st</sup> March 2023.

## LSAT—India™ Score Report

**saai surendher**

LSAT—India Registration Number: 20231002922

Date of Score Report: 10 FEB 2023

Programme: 3 Year LL.B Programme

Scaled Score	Score Band	Percentile	Test Administration
445	443—447	25.56%	January 2023

This LSAT—India Score Report includes the following information:

- LSAT—India Scaled Score
- LSAT—India Score Band
- LSAT—India Percentile

**Scaled Score:** Your LSAT—India scaled score is based on the number of questions you answered correctly (your raw score) and is an estimate of your actual proficiency in the skills tested. As there are slight differences in the difficulty of different versions of the LSAT—India across test administrations, these raw scores are not directly comparable. For this reason, your raw score is converted to an LSAT—India scaled score that ranges from 420 to 480, with 420 being the lowest possible score and 480 being the highest possible score. LSAT—India scaled scores can be directly compared across different administrations and testing years.

**Score Band:** LSAT—India scaled scores are reported along with a score band because the estimate of proficiency provided by a given LSAT—India scaled score is not perfectly accurate. Your actual proficiency in the skills tested on the LSAT—India may be slightly higher or slightly lower than that reflected by the score you received. The score band indicates a range of scores, including scores slightly higher and slightly lower than the score you received. Your actual proficiency in the skills measured by the LSAT—India is likely to fall within this range.

**Percentile:** To aid you in interpreting your LSAT—India scaled score, a percentile for your scaled score is also reported. Your percentile reflects the percentage of candidates for your programme whose scores were lower than yours within the test administration you took. For example, a percentile of 79.66% indicates that you scored higher than 79.66% of test takers for your programme who took the LSAT—India within the same administration. Note that the percentile of test takers seeking entrance to a 5 Year Integrated Law Programme cannot be compared to the percentile of those seeking entrance to a 3 Year LL.B Programme.
