REPORT ON WEBINAR ABOUT "BIOTECHNOLOGY IGNITION GRANT – 23RD CALL HELD ON 20TH JULY, 2023

The Department of Biotechnology at St. Joseph College, Trichy, organized an awareness webinar on Biotechnology Ignition Grant (BIG) – 23rd Call on July 20, 2023. This event was conducted as a follow-up to the Memorandum of Understanding (MoU) signed between St. Joseph College, Trichy, and Bangalore Innovation Centre, Bangalore.

The webinar commenced with a prayer song and was held from 11 am to 12 pm on 20th July, 2023. The event saw a total of 100 participants, including students and faculty members from the Botany, Biochemistry, and Biotechnology departments of St. Joseph College.

The Head of the Department of Biotechnology, Dr. A. Edward, welcomed the Deputy Principal, Resource person, faculty members, and the students to the webinar. Dr. P. Rajendran, the Deputy Principal, felicitated the resource person. He highlighted the vast scope of biotechnology in both the healthcare and agricultural sectors and emphasized the importance and need of collaborative research in these areas.

Following the Felicitation by the Deputy Principal, Dr. Mary Mangaiyarkarasi, IP Officer, BBC and the Speaker, provided an overview of the BIG – 23rd Call and offered valuable insights into the application process for the grant. She elaborated on the criteria for the grant, what the evaluators look for in proposals, the amount of funds allotted, and the various evaluation parameters.

The webinar came to a conclusion with a vote of thanks delivered by Dr. J. Arutchelvi. Overall, the webinar aimed to create awareness about the Biotechnology Ignition Grant and encourage researchers to apply for funding to support innovative biotechnology projects and become an entrepreneur.

Proceedings

- The Department of Data Science conducted a seminar on the topic of "**Research Methodology**" for the M.Sc. Data Science students during the academic year 2023-2024. The seminar took place on October 6, 2023, from 9:30 am to 3:00 pm.
- The session commenced with a prayer song offered by a student from the I M.Sc. Data Science program, invoking the blessings of Almighty God. Dr. V. Arul Kumar, an Assistant Professor in the Department of Data Science at St. Joseph's College (Autonomous) in Trichy, extended a warm welcome to the attendees.
- Dr. L. Arockiam, the Head, Department of Data Science, St. Joseph's College (Autonomous) in Trichy, introduced the chief guest, Mr. A. Charles, Associate Professor and Head of the Department of Computer Science at St. Joseph's College Trichy, and honored him with a shawl.
- The inaugural address was delivered by Mr. A. Charles, Associate Professor and Head of the Department of Computer Science at St. Joseph's College, Trichy. In his address, He emphasized the significance of research, critical thinking skills, and clear presentation of results.

- The first session was led by Dr. L. Arockiam. During this session, he explained the basic concepts of research, its purpose, its significance in different fields, and the steps involved.
- The second session was conducted by Dr. V. Arulkumar, where he taught how to search for academic articles using tools like Google, Google Scholar, and arXiv. He also shared tips on refining search queries with keywords and filters.
- Dr. I. Priya Stella Mary handled the third session, focusing on reading and writing research articles. She discussed the skills needed to understand papers, summarize them, find key points, and write research papers with the proper structure and citations.
- The fourth session, led by Dr. M. Kirushanth, dealt with writing research project proposals. He explained how to create effective proposals, including research questions, objectives, literature reviews, methodologies, and expected outcomes.
- The final session on research ethics was conducted by Dr. A. Beatrice Dorothy. She emphasized the importance of ethical considerations, such as privacy, confidentiality, and avoiding plagiarism in research.
- A formal note of gratitude was expressed by Mr. Martin Prabhu, a student from II M.Sc. Data Science. The event was hosted by Ms. Jasmine A. B and Ms. P. Tania, students from II M.Sc. Data Science."

Seminar Feedback

- The seminar received overwhelmingly positive feedback from participants, with 83% in agreement and an impressive 67% strongly agreeing that the session was both valuable and informative. Notably, 45% of participants rated the seminar as excellent, while 35% found it to be very good. These responses underscore the high level of satisfaction and appreciation expressed by the attendees, demonstrating the effectiveness and quality of the seminar.
- Participants found the seminar's content and delivery to be excellent, and they appreciated how it clarified research methodology. The use of real-world examples was well-received because it made complex ideas easier to understand.
- The seminar was widely seen as very useful, with many attendees stating that it helped them grasp research methods and paper presentation better. The section on research techniques received particular praise for its relevance to their studies.
- Additionally, attendees valued the seminar's discussions on research ethics and scope, as these discussions emphasized the importance of ethical considerations in research. Overall, the feedback shows that the seminar effectively conveyed relevant and valuable information to its audience.
- Despite the overwhelmingly positive feedback, a few participants shared some suggestions for improvement. They recommended including more interactive sessions to enhance engagement. Some attendees suggested using PowerPoint presentations for better visualization of concepts. A few also mentioned the possibility of extending the seminar's duration or organizing follow-up sessions. These suggestions aim to further enhance the overall learning experience for participants.

Report on Revolution of Block Chain Technology and its Applications

The Emerging technology is going to give a new dimension to the way we perform our everyday activities. This kind of technique are now built a rapid advance in key areas of computer and information technology, such as Block Chain Technology.

Blockchain technology is a decentralized digital ledger system that records transactions across multiple computers in a way that makes them tamper-resistant and immutable. blockchain technology offers a new paradigm for storing, managing, and verifying data in a secure, transparent, and decentralized manner, with the potential to disrupt traditional systems across multiple industries. The primary goal of blockchain technology is to provide a secure, transparent, decentralized, and tamper-resistant method for recording and verifying transactions or data.

To impute the importance of Block Chain Technology the department of Information Technology organized this seminar. One day seminar on " Block Chain Technology "was organized by Department of Information Technology, St.Joseph's College Trichy held on 27th September 2023 in Sequirera Hall. The inaugural session begin with the prayer song followed by the welcome speech delivered by Dr. P.Joseph Charles, Head, Department of information technology.

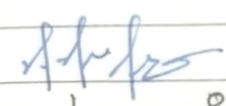

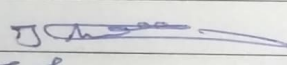

The Key note speaker for the session is Dr. Arul Pon Deniel, Assistant Professor, Department of BCA, Layola College, Mettala. He delivered a talk on role of technology in Block Chain Technology. He highlighted the importance of Block Chain Technology.

After the key note address students and faculties are asked many questions related to Block Chain Technology. Finally Dr. I. CAROL , Assistant Professor, Department of Information Technology delivered the Vote of thanks. The students enjoyed the seminar and they found it to be very beneficial to their academics and to enrich their knowledge in recent technologies.

Total number of students attend: 86

A REPORT ON STATISTICS ASSOCIATION MEETING - 20, JAN 2024

The Statistics Association meeting was held on January 20, 2024, at 11:30 a.m. in Barbier Hall. It served as a platform for academic discourse and knowledge sharing in the field of statistics. Dr. A. Philip Arokiadoss, Assistant Professor of Statistics and President of the Statistics Association, welcomed the gathering with enthusiasm, emphasizing the importance of statistics in various aspects of everyday life.

Dr. M. Julius Ceaser, Dean of the School of Management Studies at St. Joseph's College, delivered a felicitation address, recognizing the significance of the Statistics Association in promoting academic excellence in the field of statistics. He commended the efforts of the Department of Statistics in organizing the meeting and encouraged students to actively engage in statistical applications.

The Guest Speaker of the meeting, Dr. S. Bharthidass, Associate Professor of Statistics at Thanthai Periyar Government Arts and Science College, Trichy. He shared insightful examples and case studies demonstrating the practical relevance of statistics in various real-world scenarios. His engaging presentation sparked discussions among students, highlighting the diverse applications of statistical techniques in fields such as healthcare, economics, and social sciences. Mr. S. Aaron Rex, Secretary of the Statistics Association, concluded the meeting with a vote of thanks.

REPORT ON REV. DR. SEBASTIN A SJ & DR. CHELLAPAN K. ENDOWMENT LECTURE

Rev. Dr. Sebastin A SJ & Dr. Chellapan K. Endowment Lecture was conducted on 13th February 2024 at 11.30 a.m. in Sail Auditorium. Dr. Abdul Mohammed Ali Jinnah, Associate Professor, Department of English, Jamal Mohammed College (Autonomous), Tiruchirappalli, was the resource person for this endowment lecture. He delivered the talk on "Goblin-Mode and Digital Narratives". Dr. V.L. Jayapaul, Associate Professor and Head of the Department of English delivered the welcome address. Dr. Cheryl Davis, Associate Professor of English introduced the resource person. The resource person Dr. Jinnah highlighted goblin mode celebrates indulgence, while digital narratives redefine how we tell stories in our interconnected world. These seemingly disparate concepts intersect at the crossroads of self-expression, technology, and cultural shifts. Whether one embraces the inner goblin or craft digital tales, both remind the shared humanity and the power of creativity in shaping the narratives. Ms. G. Annie Rose, Assistant Professor of English proposed the vote of thanks. All the students of the Department of English were the participants of this Endowment Lecture. The lecture ended at 1.30 p.m.

All are Welcome

Electronics Association Inauguration (2023-2024)

DATE: 17-07-2023

PLACE: SAIL HALL

TIME: 11.30AM TO 1.30PM

The Inauguration of Electronics Association of the Department of Electronics St. Joseph's College, Trichy was organized on (17/07/2023) at 11.30AM in Sail Hall. 109 students from the department along with staff members participated in the program. The inaugural meeting began with prayer song. Women secretary Ms.K.Synthiya of II M.Sc read the pledge of Preamble Constitution of India.

Dr.B.Kanickairaj the Head of the Department welcomed the resource person and the gathering. He invited the students to make use of the Association activities to enrich their academic and practical knowledge. Prof.Manickam introduced Mr.GB Ramprakash the Resource Person who was an illustrious Alumnus of the department. Dr. B. Kanickairaj honoured the resource person with Memento. Fr. J. John Wilson, Assistant Professor felicitated the resource person and the department for its technical support to the college.

MR GB Ramprakash the resource person recalled his experiences in the department and shared with the participants how he was moulded by his professors to learn practical skills. His talk was based on the topic on Electronics for "Me and for You". The resource person enlightened the students by his life how to become an entrepreneur. He has established his own start up and serving the academic community through RUDHRA and PINCALA processors which are the outcome of his own company. His sharing captivated the attention of the participants. He has invited the participants to visit his company and other companies of VAMANA situated at Vazhavanthankottai, Trichy. Student's interaction with the resource person was very enriching.

The participants gained an in-depth understanding of recent developments of Electronics and gained knowledge about start up.

Ms. M. Aishwariya Harini the Association President proposed vote of thanks and the meeting came to an end at 1.20 PM.

Activity	Rev. Fr. G. A. SAVARIRAJ ENDOWMENT LECTURE
Date & Time	12-02-2024 & 10:30 AM
Topic(s)	“LEDs and Laser Diodes - Principles and Applications”
Platform/ venue	offline mode SAIL Hall
Resource Person(s)	Dr. Sebastian Lourdudoss, Emeritus Professor, KTH, Royal Institute of Technology, Sweden
Total no. of Participants	167
Outcome of the Programme	• Students have understood the principle of semiconductor devices such as LED and Laser Diodes. • Students learned about the band gap engineering for making different semiconductor devices for optoelectronic applications.

**Report on Rev. Fr. G. A. SAVARIRAJ ENDOWMENT LECTURE on 12th February
2024**

The programme was started with a prayer song followed by tamilthai valzhu. **Dr. I. Johnson, Head and Associate Professor of Physics** welcomed the dignitaries and the audience.

Rev. Dr. K. Amal, Secretary, graced the function and **Rev. Dr. M. Arockiasamy Xavier, Principal** felicitated the gathering. **Prof. A. Patrick Prabhu, Associate Professor of Physics** introduced the chief guest, **Dr. Sebastian Lourdudoss, KTH, Royal Institute of Technology, Sweden**.

The First session began with the explanation of the basic principles and operations of solar cell detectors, LED's and the laser diodes. The smorgasbord graph, provides the data about the selection of the material based on the required colour and some of the alloys have been introduced that are used in the industry. The operation of the LED based on the recombination of the electron and holes in the heterogeneous junction of the material was explained and proceeded to the procedure of producing of white light. The luminous material phosphor which can be used to produce the specific colours by the combination of the material with high energy which produce white light. The phosphor which is used in the this process is a combination of " YTTRIUM, ALUMINUM, OXIDE and CERIUM". To reduce the need for phosphor the rare earth materials could be used for the tricolour semipolar indium gallium nitride material.

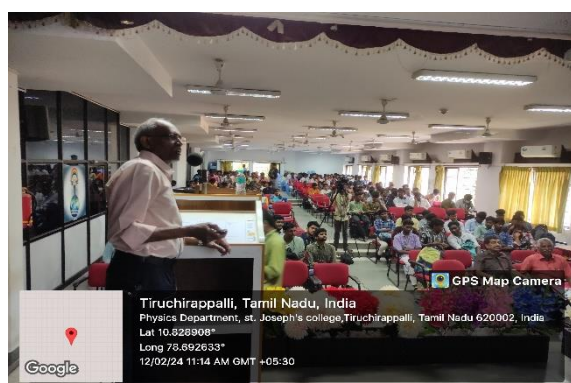

The second session started with an explanation of LASER and its operation. Optical modes in the cavity were described and explained. The output spectrum of the laser diodes is described using the threshold of the diode. The filtrations methods of the colour in the diode outputs are explained. The quantum cascade lasers were introduced and explained by the transition of the particles between the conduction and valence bands. The cascading process can be used to produce light of various wavelengths using the concept of band gap engineering. The chief guest clarified all queries raised by the audience. **Dr. Maggie Dyana, Assistant Professor of Physics** delivered the vote of thanks. **Dr. S. Dinakaran and Dr. Jennifer Silvena, Assistant Professor of Physics** mastered the ceremony.

The program concluded with National Anthem. A total of 167 participants attended the programme.

Report on Dr. APJ Abdul Kalam Memorial Day & Physics

Association Inauguration held on 26th July, 2023

The Dr. APJ Abdul Kalam Memorial Day was celebrated on July 26th, 2023 at the Physics Quadrangle at 11.30 AM. The celebration began with a prayer song. Dr. I Johnson, Head, Department of Physics welcomed the gathering. Rev. Dr. K. Amal, SJ, Secretary, St. Joseph's College honored the chief guests for the programme, Dr. R. J. Pardikar, President, The Indian Society for NDT and Former general manager, BHEL, Tiruchirappalli and Mr. J. Manohar, State general secretary, Tamil Nadu Astronomy and Science Society Chennai with shawls. Later, Rev. Dr. K. Amal, SJ, offered his felicitations. Floral tribute was offered to Dr. APJ Abdul Kalam by Rev. Dr. K. Amal, SJ, Dr. I. Johnson, Dr. R. J. Pardikar, Mr. J. Manohar, Dr. M. M. Armstrong followed by NCC cadres, NSS volunteers and students of the college. Dr. R. J. Pardikar and Mr. J. Manohar shared their memories of Dr. APJ Abdul Kalam with the audience. The floral tribute ceremony was concluded with vote of thanks by Dr. S. Dinakaran, Assistant Professor of Physics and President of Physics Association. Dr. A. Antony Raj, Assistant professor of Physics, did the master of ceremony for the Memorial day service.

The inauguration of the Physics Association for the academic year 2023-24 was held at SAIL Auditorium between 12.15 and 1.15 PM. The faculty and students of both shift-1 and shift-2 of the Department of Physics participated in the programme. Prof. A. Patrick Prabhu, Associate Professor of Physics introduced the chief guest of the day to the audience. Dr. R. J. Pardikar, delivered a lecture on "A Quest for defect free products-NDT a partner for success" where he introduced the basic ideas behind nondestructive testing. He demonstrated the applications of NDT in various industries and pointed out the significance of NDT in any industry. Dr. I Johnson made the concluding remarks. Dr. S. Lourduraj, Coordinator-Shift II and Assistant Professor of Physics thanked the resource person.

Activity	International Webinar Series (2023) – Event 1
Date & Time	8 th September 2023; 03:00 pm
Topic(s)	“Advances on Materials for Renewable Energy Storage Technology and Sustainability”
Platform/ venue	online mode Google meet
Resource Person(s)	Dr. M. V. Venkatesh Reddy Senior Professional Researcher & Group leader, Energy Storage Technology, Nouveau Monde Graphite, Quebec, Canada
Total no. of Participants	196
Outcome of the Programme	• Researchers are explored about the importance of renewable energy storage industry specially the battery components and Lithium-ion batteries. • Researchers are learnt about the electrode fabrication of lithium battery and the recycling technology of lithium-ion battery especially the pyro metallurgy recycling.

**Report on International Webinar Series (Event 1) : Advances on Materials for
Renewable Energy Storage Technology and Sustainability held on 8th September
2023**

The Department of Physics, St. Joseph's college (Autonomous), Tiruchirappalli organized a webinar series on the topic "Advances on Materials for Renewable Energy Storage Technology and Sustainability" on 8th September 2023. The resource person of the event was Dr. M. V. Venkatasamy Reddy, Senior Professional Researcher & Group leader, Energy Storage Technology, Nouveau Monde Graphite, Quebec, Canada.

The program was started at 3:00 PM with prayer to receive God's blessings. Dr. I. Johnson, Head and Associate Professor of Physics has whole heartedly welcomed the delegates, Staff, Research Scholars and the students. Dr. B. Kanickairaj Associate Professor of Physics, introduced the chief guest to the audience.

The resource person was started with his own research interest in the field of materials for batteries. He mentioned the materials used from the Stone Age to molecular age and also the future: low carbon materials age. He classified the materials for industrial applications based on the utility and physical property. He was pointed out the importance of materials for construction industry, transportation, architecture, glass industry and solar PV industry. He was stating the importance of smart electro chromic materials for building and the materials for thermoelectric applications. He also insisted the audience to do research on smart materials. In his talk he has piercing the importance to renewable energy storage industry specially the battery components and Lithium -ion batteries. He also explained the manufacturing methods of materials and the characterization of manufacturing materials. He was shown the electrode fabrication of lithium battery and the importance of nanotechnology. Finally, he explained the recycling technology of lithium-ion battery especially the pyro metallurgy recycling. Participants were clarified their queries and doubts to the resource person.

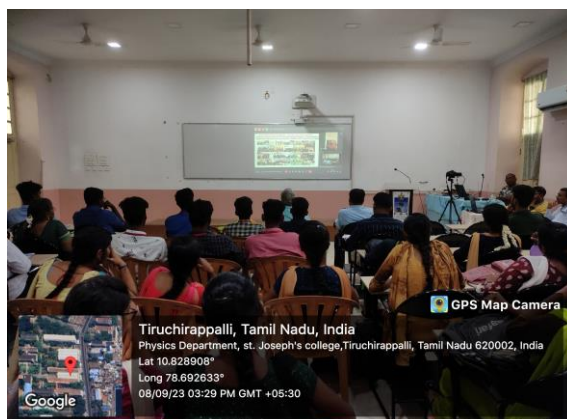

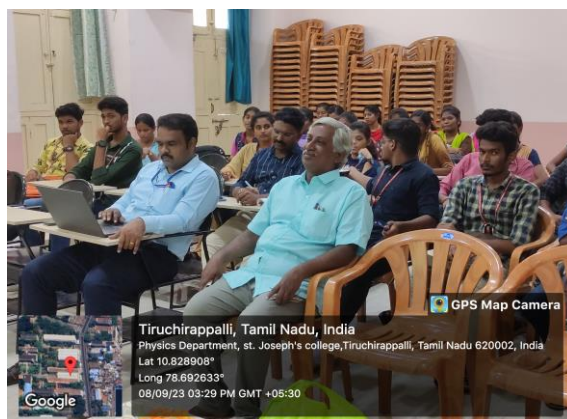

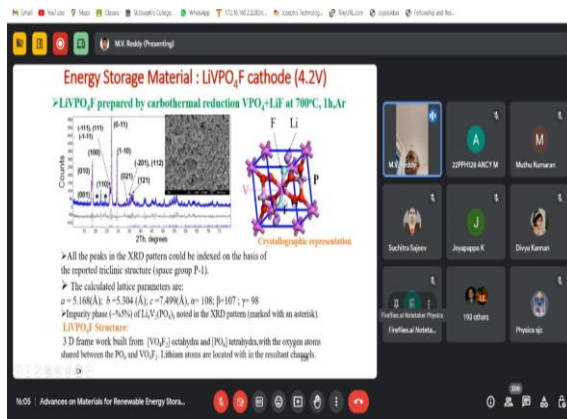

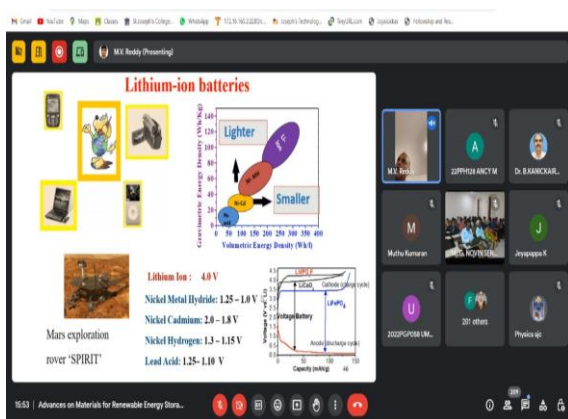

Dr. S. Lourduraj, Coordinator & Assistant Professor of Physics, thanked the Resource Person, Head, Faculty members, Research Scholars and the Students. Dr. S. Dinakaran, Association President & Assistant Professor of Physics has mastered the program. A total of 196 research scholars and P.G. students were actively participated in the event.

Report on special lecture entitled “Engineering the Future: Transforming Waste into Sustainable Solutions Through Science and Development” held on 6th October, 2023

The Physics Association, Department of Physics, St. Joseph's College, Tiruchirappalli organized a lecture under the topic “Engineering the future: Transforming waste into sustainable solutions through science and development” on 6th October, 2023 at Smart Class Room. Dr. N. Vijayan, Senior Principal Scientist, National Physical Laboratory, New Delhi as the resource person for this event. The students of II MSc Physics from Shift I and Shift II were attended this lecture.

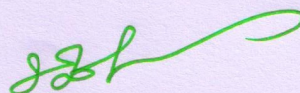

Mr. J. Snowban of II MSc Physics as the master of ceremony began the program at 3.00 pm with the prayer song. Dr. S. Dinakaran, Assistant Professor and Association President welcomed the gathering. Dr. I. Johnson, Associate Professor and Head of Department delivered the felicitations. He delivered a great introduction of the guest speaker, Dr. N. Vijayan, highlighting his history as an SJC Alumnus and numerous laurels and accolades he has achieved in the field of crystal growth. Then the Resource person Dr. N. Vijayan was honoured with a memento by Dr. I. Johnson. He was donned a shawl by Dr. S. Lourduraj, Coordinator.

Resource person Dr. N. Vijayan delivered lecture on “Engineering the future: Transforming waste into sustainable solutions through science and development”. At first, he reminisced about his college days to the students. Then, he addressed about the lives of famous Indian Scientists and made a stark contrast between our country's developments in science with Western countries. He extensively took us on a virtual tour of the proceedings of the National Physical Laboratory in New Delhi and the process of standardizing SI units. Subsequently, he gave us a lot of information on the waste management systems that their institute was developing and gave a lot of insights into the technologies behind waste disposal management systems. Dr. S. Vijayan concluded his lecture by motivating the students to strive towards an eco-friendly future and progression of novel technologies. End of his lecture, students enthusiastically asked questions and he answered all of their questions without any hesitation. Then Dr. S. Lourduraj, The Coordinator expressed our gratitude to the resource person Dr. N. Vijayan who travelled a long way from Delhi to deliver this lecture. The programme came to an end by 4.15 pm. A total of 76 participants attended the lecture.
